

DILAWAR HUSSAIN

Student of Software
Engineering

About Me

I am a student studying Diploma of associate engineering. I love learning about technology and how things work. I have done matric with computer science. I am determined to have a successful career in the field of Software Engineering and make a difference with technology. I like working with others and believe teamwork is important. I am focused and committed to making a positive impact through technology. My father is a Auto-mechanic and also doing job as a camera man. My mother is a House wife. I am proud of them for supporting me at every step of the way of my life and educating me. We are five siblings. And they are all studying according to their own interest. My siblings have also motivated me in every difficult time. I want to make my parents and siblings proudful by achieving success in my life.
